

Vocational Qualification in Logistics, Competence area of Intralogistics

Ready to launch your career in logistics? Taitotalo offers an exceptional opportunity with a vocational qualification in logistics, focusing on intralogistics in English.

Are you interested in becoming a logistics professional and looking to kickstart your career? Study logistics at Taitotalo! Taitotalo offers an exceptional opportunity with a vocational qualification in logistics, focusing on intralogistics. This qualification lays a solid foundation for successful careers in warehousing, picking and terminal operations.

Once you have completed your qualification, you will be familiar with different collection methods, storage solutions and goods transport equipment. You will be able to work independently, customer-oriented and efficiently while following the regulations and rules of your field.

Who is the training suitable for?

Candidates must be physically and mentally and otherwise suitable for the industry. English language skills must be at least at competence level B1.1. You should have good working knowledge and be able to work independently and as part of a team.

Suitable candidates will be invited to an interview and entrance test in week 41.

Content of the training

The scope of the Vocational qualification in Logistics is 180 competence points. The qualification includes vocational units (145 competence points) and common units (35 competence points).

Units:

Compulsory units (100 cp)

- Operating in the work environment of the logistics sector (15 cp)
- Receipt and storage of goods (30 cp)
- Picking and dispatching goods (30 cp)
- Operating material handling equipment and working as a forklift driver (25 cp)

Optional units (45 cp)

The optional units are agreed upon separately with the trainer in the personal competence development plan (PCDP). Optional units include, among others:

- Controlling a drone (5 cp)
- Stocktaking (10 cp)
- Inspecting a pallet rack (10 cp)
- Dispatching goods (20 cp)
- Working in a terminal (25 cp)
- Working in an international work environment (15 cp)
- Workplace instructor training (5 cp)

Common units (35 cp)

- Communication and interaction competence (11 cp)
- Mathematics and science competence (6 cp)
- Citizenship and working life competence (9 cp)
- Optional targeted learning outcomes of common units (9 cp)
